

## Annex B

### Information on new SGSecure Responders' Network logo

#### Logo for SGSecure Movement

The main logo for the SGSecure movement will remain unchanged.

#### Logo for SGSecure Responders Network (New)

A new logo specifically for the SGSecure Responders' Network, which will be a subsidiary to the main SGSecure logo.

The new SRN logo serves as a unifying identity for SGSecure Responders who commit to the various aspects of the SGSecure mission. The logo retains the recognisable SGSecure shield, with a humanised "R", personifying responders in action.

It will be used for related collaterals and will accompany activations and alerts via the SGSecure app for Responders.
