

Factsheet on the “I can ACT against scams” National Anti-scam Campaign

1. MOS Sun Xueling launched the “I can ACT against scams” national anti-scam campaign during the “SCAMINAR! ACT Against Scams” on 18 January 2023. The national campaign aims to educate and encourage members of the public to translate scam awareness into action by proactively adopting anti-scam measures.
2. ACT outlines three actions that individuals should proactively take to safeguard themselves and our community against scams, namely:
 - a. **Add** security features such as ScamShield and two-Factor Authentication for personal accounts.
 - b. **Check** for potential scam signs by asking questions, fact checking requests for personal information and money transfers, and verifying the legitimacy of online listings and reviews. Take time to pause and check.
 - c. **Tell** the authorities and others about your scam encounters by reporting to the bank, ScamShield, or by filing a Police report as soon as possible. Tell others about ongoing scams and preventive steps they can take.
